## **COHEMI Group continues to grow: NOVEDAS Consulting becomes part of the group**

Frankfurt/Main, January 30, 2025 – The COHEMI Group continues its strategic expansion and welcomes NOVEDAS Consulting GmbH, another renowned consulting company, to the group. With locations in Berlin, Hamburg, and Cologne, NOVEDAS perfectly complements the existing consulting portfolio of the COHEMI Group, enabling even more targeted and comprehensive support for customers.

With this acquisition, COHEMI is consistently pursuing its strategy of creating added value for clients by merging successful, complementary consulting firms. NOVEDAS brings decades of experience in IT and management consulting and will enhance the group's consulting offerings, particularly in the areas of IT project management, agile methods, and IT architecture.

### **"A perfect addition to our growth strategy"**

**Michael Kern, Managing Director of COHEMI Group**, emphasizes: "We provide individual consulting and develop tailor-made solutions in dialogue with our clients. NOVEDAS brings additional exciting competencies into our group. At the same time, the company will benefit from our broad market access and the synergies within the COHEMI Group. This will further accelerate the sustainable growth of NOVEDAS."

Cultural alignment also played a key role in the decision to integrate NOVEDAS. COHEMI stands for "Consulting with Heart and Mind," summarizing what sets the group apart: it combines a rational, solution-oriented approach to addressing customer challenges with strong, value-based corporate management.

**Chris Kohlsdorf, Managing Director of COHEMI Group**, highlights: "The values and corporate culture of NOVEDAS align with those of the COHEMI Group. Both companies place great value on quality, customer proximity, and value-based corporate management. This makes NOVEDAS an ideal partner for us."

"The integration of NOVEDAS is a significant step in our growth strategy," says **Claus Kaufmann, COO of COHEMI Group**. "NOVEDAS has excellent consultants and an established market position. Together, we can offer our clients even more comprehensive support and deliver a wider range of high-quality consulting outcomes."

### **NOVEDAS benefits from market access and group synergies**

For NOVEDAS, joining the COHEMI Group means a long-term perspective within a growing business network. The company will remain an independent brand while benefiting from the resources and client network of the COHEMI Group.

**Kai Hunold, Managing Director of NOVEDAS**, explains: "We looked at various strategic partners, but COHEMI simply fits perfectly. The collaboration allows us to further develop our business and better meet the needs of our clients."

**Rainer Raupach, Managing Director of NOVEDAS**, adds: "Our clients will benefit from the expanded expertise, larger consulting team, and additional resources. The COHEMI Group provides us with an optimal platform to further expand our consulting offerings."

### **Added value for customers and consultants**

The merger creates an even more powerful consulting network, offering clients of both NOVEDAS and COHEMI a higher level of support. Companies benefit from the expertise of consultants and a broader range of services. At the same time, employees of both companies have the opportunity to grow in new projects and fields.

The COHEMI Group remains true to its strategy and plans to continue adding more specialized consulting companies to the group in the future, expanding its service portfolio and strengthening its market position.
